Comments:

In what ways was the teaching fellow most effective? Why?

Comments
answer my questions in a professional and timely manner
Zach was a very skilled section leader and was always available to help during section when he was not leading. He was very helpful for debugging and always explained concepts extremely clearly.
I probably would not have pass this class without Zach's support! He helped bring the statistical/ML concepts to reality and help me apply it to realistic scenario. He praised when we made some progress — which I think was the emotional support that we all needed for our final project. He's also very accessible through Slack and emails.
Zach is very knowledgeable about the content and was always ready and willing to help!
He was really good at explaining the course materials.
Was available to answer questions
Zach is fantastic at explaining things! And is very knowledgeable about the subject matter.
I love the Thursday sections led by Zach, because Zach was really effective in explaining that week's key understandings and providing answers to our questions.
He has an excellent command of the material and is skilled at explaining the tricky concepts. Generous with office hours!
Zach is good at explaining things and very knowledgeable about the subject matter. He was also frequently available after class and on zoom office hours.
Zach's expertise really enhanced my learning. Zach was always ready to answer our questions in the most approachable manner.
Zach is excellent! He really knows his stuff and is an effective communicator.

What recommendations would you make to the teaching fellow to strengthen their teaching and/or make the course more valuable?

Comments
provide more office hours
None.

I thought the lab sessions were too fast or that we tried to do too much at once, maybe there is a way to improve this
